Get into education business **with** Kid Able and become your own boss!

Kid Able

Since opening in 2009, Kid Able focused its business to providing educational programs of the highest quality to kids. To do so, we give work to highly qualified and dedicated instructors and we use dynamic and comprehensive curriculum. So, Kid Able provides an extremely friendly environment for rapid improvement while increasing self-confidence, communication skills and allowing an opening on other cultures.

Manage and organize

language courses

Learning languages is in trend, there is enormous demand for high-quality, effective language courses all over the world. This is why we need committed, reliable and in particular qualified franchise partners in each area - partners like you. Your professional experience and your entrepreneurial spirit combined with our proven brand expertise will form a sustainable partnership.

Establish your own business

In your language school you will be the manager, an independent entrepreneur, the boss. You deal with advertising, acquiring students and organize regular language courses with salaried employees or freelance teachers. Your tutors will be trained in the Kid Able teaching concept based on the famous Montessori method so you can offer consistent high quality in all your courses, which everyone will soon be talking about.

You set up your own language school

and we support you

Our team will put together a comprehensive knowledge and marketing package especially for you. With a proven business concept, we will support you in the establishment and management of the business. You will receive tips for advertising, planning and accounting as well as the practical organization of your language school. Everything is exclusive: we guarantee you a protected territory and help you to establish yourself in the local market.
